B400.3124

When Coverage Starts

For coverage to start, You must be fully capable of performing the major duties of Your regular occupation for the Employer and working the minimum required number of hours of an Employee in Your eligible class at 12:01 A.M. In order for Your dependent coverage to start, You must already be covered for Employee coverage, or enroll for Employee and dependent coverage at the same time.

Subject to the Exception shown below and to all of the other terms of this Certificate, the date Your dependent coverage starts depends on when You elect to enroll Your Initial Dependents and agree to make any required payments.

Initial Dependents If You enroll Your Initial Dependents on or before Your Eligibility Date, the dependents' coverage begins on the later of Your Eligibility Date and the date You become covered for Employee coverage.

If You enroll Your Initial Dependents within the Enrollment Period, their coverage begins on the later of Your Eligibility Date and the date You become covered for Employee coverage.

If You do not enroll Your Initial Dependents when they are first eligible, and enroll those Initial Dependents after the Enrollment Period ends, You must supply Proof Of Insurability and coverage will not start until We approve that proof in writing.

CONVERTING THIS EMPLOYEE BASIC TERM LIFE INSURANCE

**If Employment Or
Eligibility Ends**

Your group life insurance ends on the date:

- Your active Full-Time employment ends; or
- You stop being a member of an eligible class.

If Your group life insurance ends, Your Employer is responsible for providing You Notice of Your Right to Convert.

If You are not Totally Disabled, You can apply to convert Your Employee group basic life insurance to a permanent life insurance policy.

You can apply to convert up to the full amount of basic life insurance for which You were insured under this Certificate on the date Your insurance ended, less any group life insurance for which You become eligible in the 31 days after Your insurance under this Certificate ends.

**If This Certificate
Ends Or Group Life
Insurance Is
Discontinued**

Your group life insurance also ends:

- If this Certificate ends; or
- Life insurance is discontinued from this Certificate for all Employees or for Your class.

If Your group life insurance ends for either of these reasons, You may apply to convert Your Employee group basic life insurance to a Converted Policy.

You can apply to convert to a permanent life insurance policy, if

- You are not Totally Disabled; and
- You have been insured by a Guardian group life insurance plan or a group plan it replaces for at least five consecutive years.

However, the amount of life insurance that You can convert in either scenario is limited to the lesser of:

- \$2,000, or
- The amount of Your basic life insurance under this Certificate, less any group life insurance for which You become eligible in the 31 days after Your insurance under this Certificate ends.

**If You Are Totally
Disabled**

Your group life insurance ends on the date:

- Your active Full-Time employment ends;
- You stop being a member of an eligible class;
- This Certificate ends; or
- Life insurance is discontinued from this Certificate for all Employees or for Your class;

and

- You are Totally Disabled; and
- You are eligible for Waiver of Premium Benefits pursuant to the Waiver of Premium Benefit Rider, but You have not yet been approved for the Waiver of Premium of Benefit,

You can apply to convert Your group term life insurance to:

- A permanent life insurance policy; or
- Interim term life insurance coverage.

You can apply to convert up to the full amount of basic life insurance for which You are insured under this Certificate on the date Your insurance ends, less any group life insurance for which You become eligible in the 31 days after Your insurance under this Certificate ends.

However, if You have coverage under this Certificate's Exception to When Employee Coverage Starts, You may not convert if You are eligible or could become eligible under the prior plan's waiver of premium provision.

If You have converted and are later approved for this Certificate's Waiver of Premium Benefit, the Converted Policy will be cancelled as of the date You are approved for the Waiver of Premium Benefit. In this instance, Your coverage under this Certificate will continue subject to its terms, provided You remain eligible for the Waiver of Premium Benefit.

Interim Term Life Insurance

You may choose to apply to convert to interim term life insurance coverage if:

- You are Totally Disabled; and
- You may be eligible for Waiver of Premium Benefits based upon Your age, but You have not yet been approved for the Waiver of Premium Benefit.

If interim term life insurance coverage is issued to You, it can remain in force for up to one year from the date the interim term life insurance coverage goes into force and effect.

If You are approved for this Certificate's basic Waiver of Premium Benefit during this year, the interim term life insurance coverage will be cancelled as of the date that You are approved for the Waiver of Premium Benefit. In this instance, Your coverage under this Certificate will continue subject to its terms, provided You remain eligible for the Waiver of Premium Benefit. If You have not been approved for this Certificate's basic Waiver of Premium Benefit, the interim term life insurance coverage will end exactly one year from the first day said coverage goes into force and effect, and Your life insurance will be converted to a permanent life insurance policy. Premiums for the permanent life insurance policy will be based on Your age as of the date You convert from the interim term life insurance coverage.

If You are Totally Disabled, but You are not eligible for the Waiver of Premium Benefit based on Your age, You can apply to convert to a permanent life insurance policy.

How and When to Convert To obtain a Converted Policy, We must receive a written application fully completed by You, and all required premiums within the Conversion Period. Your Employer is responsible for providing You with Notice of Your Right to Convert within 15 days of the date Your group life insurance ends. We will not ask for proof that You are insurable. In order to obtain a Converted Policy, You must satisfy all conditions required to convert within the Conversion Period.

Coverage will begin under the Converted Policy when We receive:

- A written application fully completed by You; and
- All required premiums during the Conversion Period.

Death During The Conversion Period We will pay a death benefit equal to the amount of life insurance that could have been converted if:

- You die within the Conversion Period; and
- But for Your death, You would have been entitled to purchase a Converted Policy; and
- We receive Proof of Loss.

Any benefit payable under the group Certificate will be paid to the beneficiary You designate under the group Certificate. However, if the Converted Policy has already taken effect, any benefit payable under the Converted Policy will be paid to the beneficiary You designated for the individual life insurance on the application for conversion. Under no circumstances will a benefit be paid under both the group Certificate and the Converted Policy.

CONVERTING THIS DEPENDENT TERM LIFE INSURANCE

**If A Dependent's
Life Insurance Ends**

Dependent term life insurance ends for all of Your dependents when Your group life insurance eligibility ends. Your group life insurance eligibility ends if:

- Your active Full-Time employment ends;
- You stop being a member of an eligible class; or
- Your group life insurance is continued under the Waiver of Premium Benefit Provision; or
- You die.

Dependent term life insurance also ends when You stop being a member of a class of Employees eligible for dependent term life insurance.

If Dependent Life Insurance ends for any of the above reasons any dependent who was insured under this Certificate may apply to convert all or part of the amount for which he or she was insured on the day before insurance ended. Your Employer is responsible for notifying You or Your dependents of any conversion options available.

Your dependent may apply to convert up to the full amount of basic life insurance for which he or she was insured under this Certificate on the date his or her insurance ended to a permanent life insurance policy.

**If This Certificate
Ends Or Group Life
Insurance Is
Discontinued**

Dependent term life insurance also ends for all of Your dependents:

- If this Certificate ends; or
- Dependent life insurance is discontinued from this Certificate for all Employees or for Your class.

If Dependent term life insurance ends for either of these reasons, and any of Your dependents have been insured by a Guardian Group plan, or a group plan it replaces, for at least five consecutive years, each such dependent may apply to convert to a permanent life insurance policy.

However the amount that he or she can convert in either scenario is limited to the lesser of:

- \$2,000; or
- The amount of Your dependent's life insurance under this Certificate, less any group life insurance for which Your dependent becomes eligible in the 31 days after dependent life insurance under this Certificate ends.

**If A Dependent
Stops Being Eligible**

A dependent's term life insurance ends when he or she stops being an eligible dependent. A Spouse is no longer an eligible dependent when:

- A marriage is lawfully terminated.

A child is no longer an eligible dependent when he or she:

- Reaches the limiting age.

If a dependent stops being eligible, he or she may convert all or part of the amount for which he or she was insured on the day before insurance ended to a permanent life insurance policy.

How And When to Convert

To obtain a Converted Policy, We must receive a written application fully completed by You or Your dependent, and all required premiums within the Conversion Period. Your Employer is responsible for providing You and Your dependents with written Notice of Your Right to Convert within 15 days of the date Your group life insurance ends. You will have 31 days after Your dependent group basic life insurance ends to convert. We will not ask for proof that he or she is insurable. If the dependent is a minor or incompetent, the person who cares for and supports the dependent may apply for him or her.

Death During The Conversion Period

We will pay a death benefit equal to the amount of dependent life insurance that could have been converted if:

- Your dependent dies within the Conversion Period; and
- But for his or her death, Your dependent would have been entitled to purchase a Converted Policy; and
- We receive Proof of Loss.

Any benefit payable under the group Certificate will be paid to you. However, if the Converted Policy has already taken effect, any benefit payable under the Converted Policy will be paid to the beneficiary You or Your dependent designated for the individual life insurance on the application for conversion. Under no circumstances will a benefit be paid under both the group Certificate and the Converted Policy.

SUPPLEMENTAL RIDER - Waiver of Premium Benefit

This Rider is effective as of the effective date of the Employee's Certificate. If this Rider is added to an inforce Certificate, the Rider becomes effective on its issue date. This Rider amends the Certificate by the addition of the following:

**Employee Basic Term Life Insurance
Waiver Of Premium Benefit**

Important Notice This rider applies to Your Basic term life insurance. It does not apply to any of Your dependent life insurance under the Certificate. To continue dependent life insurance, You must convert Your dependent coverage. See "Converting This Dependent Term Life Insurance" for details.

If You Are Disabled If You are Totally Disabled, and meet the requirements in "How And When To Apply," We will extend Your Basic life insurance without payment of premiums from You or the Employer in an amount equal to the amount of Basic life insurance for which You are insured on Your last day of Active Work.

How And When To Apply To apply for this benefit, You must submit, while living, written medical proof of Your Total Disability satisfactory to Us within one year of the start of that disability. Any claim filed after one year from the start of Total Disability will be denied, unless We receive written proof that:

- You lacked the legal capacity to file the claim; or
- It was not reasonably possible for You to file the claim within the required period of time.

To be approved for this benefit, You must:

- Become Totally Disabled before You reach age 60 and while insured by the Certificate; and
- Remain Totally Disabled for at least 9 months in a row.

You should apply for this benefit immediately at the start of Your Total Disability.

Continued Proof For Waiver of Premium Benefit We may require written proof that You remain Totally Disabled and receive regular Doctor's care to maintain this benefit. This proof must be given to Us within 30 days of the date We request it.

We can also require that You take part in a medical assessment by a medical professional of Our choice as often as We feel is reasonably necessary during the first 2 years We have waived Your life insurance premiums pursuant to the Rider. After 2 years, We cannot have You examined more than once a year.

Until You Have Been Approved For This Benefit If Your life insurance under the Certificate ends after You have become Totally Disabled and applied for Waiver of Premium Benefits, but before We have approved You for this benefit, You may:

- Continue to pay your group premium payments, including any part which would have been paid by the Employer, until You are approved or declined for this benefit; or
- Apply to convert to an individual permanent or term life insurance policy.

Please read "Converting This Employee Basic Term Life Insurance" for details on how to convert.

Converting Your life insurance does not stop You from claiming Your rights under this section. But, if You apply to convert and obtain a policy, and We later approve You for this benefit, We will cancel the converted policy on the date We approve You for this Benefit. See "Converting This Employee Basic Term Life Insurance" for details on how We do this. Once You are approved for this benefit, Your insurance under the Certificate will be reinstated at no further cost to You or the Employer.

If You are declined for the Waiver of Premium benefit, You will have the option to apply to convert to an individual permanent or term life insurance policy. If You do not convert within 31 days of the date You are declined for the Waiver of Premium benefit, and You have not returned to Active Work, Your coverage will end.

If the Certificate terminates before You are approved

If this group Certificate terminates and You are Totally Disabled and eligible, but not yet approved, for this Waiver of Premium benefit, You must apply to convert to an individual permanent or term policy, and remain insured under such policy until You are approved by Us for the Waiver of Premium benefit.

When This Waiver Begins

Once approved by Us, Your Waiver of Premium benefit will be effective on the date following the day You have been Totally Disabled for 9 months in a row.

When This Waiver Ends

Your Waiver of Premium benefit will end on the earliest of:

- The date You are no longer Totally Disabled;
- The date We ask You to be examined by Our Doctor, and You refuse;
- The date You do not give Us the proof of Total Disability We require;
- the date you have been out of the United States and/or Canada or a country or region approved by Us for more than 2 months in a 12 month period;
- The date You are no longer receiving regular Doctor's care appropriate to the cause of Your claimed Total Disability;
- The day before the date You reach age 65.

STATEMENT OF ERISA RIGHTS

The Guardian Life Insurance Company of America

10 Hudson Yards
New York, New York 10001
(212) 598-8000

Your group term life insurance benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits

- Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Life Insurance Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Guardian Life Insurance Company of America (hereinafter referenced as Guardian.)

Guardian is the Claims Fiduciary with authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

Definitions

"Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

Timing for Initial Benefit Determination of Life Insurance Claims

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 90 days from the date of receipt of a claim. This period may be extended by up to 90 days if Guardian determines that an extension is necessary due to special circumstances, and so notifies the claimant before the end of the initial 90-day period. Such notification will include the reason for the special circumstances requiring the extension and a date by which the determination is expected to be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

**Adverse Benefit
Determination of
Life Insurance
Claims**

If a claim is denied, Guardian will provide notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures; and
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination.

**Appeals of Adverse
Determinations of
Life Insurance
Claims**

If a claim is wholly or partially denied, you will have up to 60 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 60 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 60-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits; and
- Provide a statement describing any voluntary appeal procedures offered by the Plan, the claimant's right to obtain information about such procedures, and a statement that the claimant's right to bring an action under ERISA section 502(a).

Waiver of Premium If you apply for an extension of life insurance benefits due to Total Disability under the Waiver of Premium benefit under this plan, these claim procedures will apply to such request:

Timing For Initial Benefit Determination for Waiver of Premium The benefit determination period begins when claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the time period shown below. A written or electronic notification of any adverse determination must be provided.

Guardian will make a determination of whether the claimant meets the plan's standard for total disability not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period Guardian determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a benefit determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit the information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Adverse Benefit Determination

If a claim for an extension of benefits is denied, Guardian will provide a notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination; and
- In the case of adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

Appeals of Adverse Determinations for Waiver of Premium

If a claim for Waiver of Premium is denied, the claimant will have up to 180 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;

- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 45 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 45 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 45-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;
- Provide a statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, provide an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you, and vocational professionals who evaluated you;
- If applicable, provide an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, provide an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;

- Provide a statement describing the claimant's right to bring a civil suit under Section 502(a) of the Employee Retirement Income Security Act of 1974 which shall also describe any applicable contractual limitations period that applies the claimant's right to bring such an action, including the calendar date on which the contractual limitations period expires for the claim, and;
- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

Alternative Dispute Options The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S. Department of Labor Office and the State insurance regulatory agency.

In addition to any legal rights you may have under section 502(a), if you believe that we have violated ERISA's procedural requirements, you may request that we review any claimed violation(s) and we will respond to you within ten days.

Proof of Insurability Depending on the coverage selected, or as otherwise required in this Certificate, You, Your Spouse and/or Dependents may be required to supply proof that the person applying for coverage is insurable for the amount and type of coverage selected. This requirement is called Proof of Insurability. For purposes of this section, any person applying for coverage requiring Proof of Insurability is referred to as "Applicant."

To determine if the Applicant is required to submit Proof of Insurability for the type and amount of coverage sought, please see below.

Any applicant required to submit Proof of Insurability is required to complete and submit to Us an Enrollment/Change form. We may also require the completion of additional forms so that We may determine whether the Applicant is insurable, according to Our underwriting standards for the amount and type of coverage applied for. To determine if the Applicant is insurable, We may also need to obtain and review the Applicant's health and medical history; prescription history; records relating to treatment, diagnostic testing, hospitalization and the like; and records pertaining to Applicant's driving and motor vehicle history.

No coverage requiring Proof of Insurability will become effective unless and until it is approved by Us in writing. Our receipt of any premiums associated with coverage requiring Proof of Insurability does not waive or modify any requirement that must be satisfied for coverage to begin, including but not limited to the requirement that the Applicant submit Proof of Insurability. In the event that any premiums are overpaid, Our only obligation is to return the amount of overpaid premiums.

The Policyholder, or its designee, must give Us complete and accurate information so that we may determine:

- Who is insured;

- The type and amount of coverage for which someone is insured; and
- Any other information required so that Guardian may meet its obligations under the Policy.

Proof Of Insurability Requirements

Proof Of Insurability requirements apply to Basic Accidental Death and Dismemberment Insurance. Such requirements may apply to the full insurance amount, or just part of it, as outlined below. When Proof Of Insurability requirements apply, it means You must submit to Us Proof that You are insurable, and We must approve the Proof in writing before the insurance, or the specified part becomes effective.

We require Proof of Insurability as follows:

If You:

- Do not meet this Policy's enrollment requirement within 30 days after You first become eligible; or
- Enroll after You previously had coverage which ended because You failed to make a required payment,

We will require that You provide Proof Of Insurability. And, You will not be covered until We approve that proof in writing.

If Your Active Full-Time Work ends before You meet any Proof Of Insurability requirements that apply You will still have to meet those requirements if You are later re-employed by the Employer or an associated company.

STATEMENT OF ERISA RIGHTS

The Guardian Life Insurance Company of America

10 Hudson Yards
New York, New York 10001
(212) 598-8000

Your group term accidental death and dismemberment insurance benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits

- Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforcement of Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

**Assistance with
Questions**

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

**Accidental Death
and
Dismemberment
Insurance Claims
Procedure**

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Guardian Life Insurance Company of America (hereinafter referenced as Guardian.)

Guardian is the Claims Fiduciary with authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

Definitions

"Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

**Timing for Initial
Benefit
Determination of
Accidental Death
and
Dismemberment
Insurance Claims**

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 90 days from the date of receipt of a claim. This period may be extended by up to 90 days if Guardian determines that an extension is necessary due to special circumstances, and so notifies the claimant before the end of the initial 90-day period. Such notification will include the reason for the special circumstances requiring the extension and a date by which the determination is expected to be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

**Adverse Benefit
Determination of
Accidental Death
and
Dismemberment
Insurance Claims**

If a claim is denied, Guardian will provide notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- Identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement, that a copy of such information will be provided to the claimant free of charge upon request;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination; and
- In the case of adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

Appeals of Adverse Determinations of Accidental Death and Dismemberment Insurance Claims

If a claim is wholly or partially denied, you will have up to 60 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 60 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 60-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;

- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

Waiver of Premium If you apply for an extension of accidental death and dismemberment insurance benefits due to Total Disability under the Waiver of Premium benefit under this plan, these claim procedures will apply to such request:

Timing For Initial Benefit Determination for Waiver of Premium The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the time period shown below. A written or electronic notification of any adverse determination must be provided.

Guardian will make a determination of whether the claimant meets the plan's standard for total disability not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period Guardian determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a benefit determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision on the claim, and the additional information needed to resolve those issues.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit the information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Adverse Benefit Determination If a claim for an extension of benefits is denied, Guardian will provide a notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information needed to perfect the claim, and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;

- A statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you and vocational professionals who evaluated you;
- If applicable, an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination; and
- In the case of adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

Appeals of Adverse Determinations for Waiver of Premium

If a claim for Waiver of Premium is denied, the claimant will have up to 180 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;

- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 45 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 45 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 45-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;
- Provide a statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, provide an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you, and vocational professionals who evaluated you;
- If applicable, provide an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, provide an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;

- Provide a statement describing the claimant's right to bring a civil suit under Section 502(a) of the Employee Retirement Income Security Act of 1974 which shall also describe any applicable contractual limitations period that applies the claimant's right to bring such an action, including the calendar date on which the contractual limitations period expires for the claim, and;
- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

Alternative Dispute Options The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S. Department of Labor Office and the State insurance regulatory agency.

In addition to any legal rights you may have under section 502(a), if you believe that we have violated ERISA's procedural requirements, you may request that we review any claimed violation(s) and we will respond to you within ten days.

Multiple Employment: If You work for both the Employer and a covered associated company, or for more than one covered associated company, We will treat You as if only one firm employs You. B400.0062

All Options

When Coverage Starts

For coverage to start, You must be fully capable of performing the major duties of Your Own Job for the Employer working the minimum required number of hours of an Employee in Your eligible class at 12:01 A.M. Standard Time for Your place of residence on Your scheduled Eligibility Date. And, for coverage to start, You must meet all of the Conditions of Eligibility described above and the conditions shown below which apply to You. If You are not fully capable of performing the major duties of Your Own Job on Your scheduled Eligibility Date, We will postpone the start of Your coverage while this Certificate is in force. We will postpone coverage until You are so capable and working the minimum required number of hours of an Employee in Your eligible class for one full day, with the capacity to do so for one full week.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on the date You sign Your enrollment form. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not start until You send Us Proof of Insurability. Once We have approved such proof, Your coverage is scheduled to start on Your approved Eligibility Date.

B400.0064

Exception to When Coverage Starts

Sometimes a scheduled Eligibility Date is not a regularly scheduled work day. If the scheduled Eligibility Date falls on:

- A holiday;
- A vacation day;
- A non-scheduled work day;
- A day during an approved leave of absence not due to Sickness or Injury, of 90 days or less; or
- A day during a period of absence that is less than 7 days in duration;

and if:

- You were fully capable of performing the major duties of Your Own Job for the Employer for the minimum number of hours of an Employee in Your eligible class at 12:01 AM Standard Time for Your place of residence on the scheduled Eligibility Date; and
- You were performing the major duties of Your Own Job and working the minimum number of hours of an Employee in Your eligible class on Your last regularly scheduled work day.

Your coverage will start on the scheduled Eligibility Date. However, any coverage or part of coverage for which You must elect and pay all or part of the cost, will not start if You are on an approved leave and such coverage or part of coverage was not previously in force for You under a prior plan which this Certificate replaced.

Any part of Your coverage which is subject to Proof of Insurability will not start unless You send such proof to Us, and We approve it in writing. Once We have approved it, that part of Your coverage is scheduled to start on Your approved Eligibility Date.

B400.0066

Delayed Effective Date For Short Term Disability Income Coverage:If, due to Sickness or Injury, You are not Actively At Work and working the minimum required number of hours of an Employee in Your eligible class, on Your scheduled Eligibility Date for Short Term Disability, We will postpone coverage for any condition(s) that prevent you from meeting the Active Work requirement. We will postpone such coverage until You complete one full day of Active Work working Your regular number of hours, with the capacity to do so for one full week, and without missing a work day due to the same condition(s). Coverage for an otherwise covered loss due to all other conditions will start on the date You return to Active Work working the minimum required number of hours of Your eligible class and performing the regular duties of Your job.

B400.0067

All Options

Transfer Business Exception: If You are not Actively at Work and not working the minimum required number of hours of an Employee in Your eligible class, due to Sickness or Injury, on Your Scheduled Eligibility Date, You will be insured for Short Term Disability insurance if:

- You were insured under the prior insurer's group Short Term Disability policy with this Employer at the time the prior insurer's group Short Term Disability policy ended and the group Short Term Disability Policy became effective with Us, with no break in group coverage;
- You were a member of an eligible class under the prior carrier's group Short Term Disability policy and are eligible under this Certificate;
- Premiums for You were paid up to date for the prior carrier's group Short Term Disability policy and this Certificate; and
- You are not receiving or eligible to receive benefits under the prior insurer's group Short Term Disability policy.

If you continue to be incapable of performing the major duties of Your Own Job for the Employer and subsequently become Disabled, any Disability benefit payable will be the lesser of:

- The Short Term Disability benefit payable under this Certificate; or
- The Short Term Disability benefit payable under the prior insurer's group Short Term Disability policy had it remained in force.

However, if the Pre-Existing Condition provision under the prior carrier's group Short Term disability policy would apply, and would have resulted in no benefits being payable to You or benefits being limited had the prior carrier's group Short Term Disability policy stayed in force, no Short Term Disability benefit will be payable or benefits may be limited.

- The date Your Active Work ends for any reason, except as shown below under Continuation Of Coverage.
- The date You stop being an eligible Employee under this Certificate.
- The date You are no longer working in the United States and/or Canada, or no longer working outside of the United States for a United States based employer in a country or region approved by Us. Any incidental business or personal travel outside of the United States and/or Canada, or outside of a country or region approved by Us, is covered. Such travel will be considered incidental if it is for a period not to exceed 30 consecutive days.

- The date the group Certificate ends, or is discontinued for a class of Employees to which You belong.
- The last day of the period for which required payments are made for You.
- The date You die.

You may have the right to continue certain group benefits for a limited time after Your coverage would otherwise end. Read this Certificate carefully for details and discuss with your Employer or administrator. Any provisions that allow continuation of such group benefits must be offered and administered on a fair and equitable basis.

B400.7767

CONTINUATION OF COVERAGE

Coverage During Disability

You may be Disabled when Your Active Full-Time Work ends due to a non-job related Injury or Sickness for which benefits are not payable. In that case, Your coverage will remain in force during the:

- Elimination Period, subject to payment of required premiums; and
- The period of time for which benefits are payable by this Certificate.

But, in order for Your coverage to continue, the Disability:

- Must be covered by this Certificate;
- And benefits must not be excluded due to this Certificate's Pre-Existing Conditions provision, or any other exclusion.

If You're Disabled when Your Active Full-Time Work ends due to a job-related Injury or Sickness for which benefits are not payable, Your coverage will remain in force until the earlier of the date:

- You are terminated from employment with the Employer; or
- You have been Disabled for 6 Months.

B440.0069

B400.7777

All Options

Maximum Payment Period: The Maximum Payment Period is shown in the Schedule Of Benefits. But, it may be less than that shown due to:

- The date You were first treated for the cause of Your Disability; and
- The length of time You have been covered by this Certificate. See Pre-Existing Conditions.

Benefits payable during the Maximum Payment Period will not be affected by the termination of the Certificate, subject to all the terms and conditions of the Certificate that were in effect on the first date of Your Disability. Any change to the Certificate with an Effective Date after the first date of Your Disability will not apply to benefits payable during the Maximum Payment Period.

B400.0144

All Options

Recurring Disability: Benefits from this Certificate end if You cease to be Disabled. But, a later Disability may be treated as a Recurring Disability, if all of the conditions listed below are met:

- You must return to Active Work right after Your benefits end.
- The Disability must recur less than two weeks after You were last entitled to benefits.
- The later Disability must be due to the same or related cause of Your earlier Disability.
- This Certificate must not end during Your return to Active Work.
- You must not become covered under any other similar group income replacement plan during the time You return to Active Work.

- A subsequent Disability will not be considered a Recurring Disability if Your benefits for the prior Disability ended because Your prior Disability had been paid for the Maximum Payment Period.

If the later Disability is a Recurring Disability, You will not need to satisfy a new Elimination Period. The Recurring Disability will be subject to all the terms of this Certificate in effect on the date the earlier Disability began.

If all of the conditions listed above are not met, the later Disability will be treated as a new period of Disability. You will be required to satisfy a new Elimination Period. The new period of Disability will be subject to all the terms of this Certificate in effect on the date the new period of Disability starts.

B400.0146

Calculation of Weekly Benefit: Your benefit is governed by the terms of this Certificate in effect on the date Disability starts. Any changes to this Certificate that take place as follows are inapplicable to, and will not affect, Your benefit:

- While You are Disabled; or
- During a period of Active Work that occurs between an initial period of Disability and a Recurring Disability.

We calculate Your Gross Weekly Benefit according to the Schedule of Benefits. This Certificate includes Proof of Insurability requirements that may affect the amount of Your Gross Weekly Benefit. The Schedule of Benefits explains these requirements

B400.0149

All Options

Redetermination: This Certificate redetermines Your Insured Earnings on each January 1st, the Employer must report current Insured Earnings for all Employees under this Certificate. Changes to Your Insured Earnings are subject to any Proof of Insurability requirements that may apply to this Certificate. As of this Certificate's redetermination date, We use Your Insured Earnings on record with Us to:

- Set rates;
- Project benefit amounts and limits; and
- Calculate premium payable under this Certificate.

You must be Actively at Work on that date. If You are not, We do not do this until the date You return to Active Work. But, changes in earnings will not apply to a Recurring Disability.

B400.7798

All Options

Adjustment Of Weekly Benefit For Disability Earnings: We adjust the Weekly Benefit for Disability Earnings as follows:

We pay the greater of the amount calculated under Method 1 or Method 2.

Method 1:

- If your Disability Earnings are less than 20% of Your Insured Earnings, We do not reduce your Weekly Benefit.
- If your Disability Earnings are 20% or more of Your Insured Earnings, We reduce Your Weekly Benefit by 50% of Your Disability Earnings.

Method 2:

- (1) Subtract Your Disability Earnings from Your Insured Earnings.
- (2) Divide the result in (1) above by Your Insured Earnings.
- (3) Multiply the result in (2) above by Your Weekly Benefit. This is the amount We pay.

If Your Disability Earnings fluctuate widely from week to week, We may adjust Your Weekly Benefit using an average Disability Earnings amount. The average Disability Earnings amount will be computed using Your most current week's Disability Earnings and the prior two weeks Disability Earnings.

B400.0199

All Options

Maximum Allowable Disability Earnings: This Certificate limits the amount of income You may earn, or may be able to earn, and still be considered Disabled.

If Your Disability Earnings are more than 80% of Your Insured Earnings, payments from this Certificate will end. Payments from this Certificate will also end if You are able to earn more than 80% of Your Insured Earnings.

Limitations And Exclusions

Pre-Existing Conditions: A pre-existing condition is an Injury or Sickness, whether diagnosed or misdiagnosed, and any symptoms of it, for which, in the "look back period", You:

- Receive advice or treatment from a Doctor;
- Underwent diagnostic procedures other than routine screening in the absence of symptoms or suspicion of disease process by a Doctor;
- Were prescribed or took prescription drugs; or
- Receive other medical care or treatment, including consultation with a Doctor.

The "look back period" is the 3 Months before the latest of:

- Your Eligibility Date for coverage under this Certificate;
- The Effective Date of a change that increases the benefits payable by this Certificate; and

- The Eligibility Date of a change in Your benefit election that increases the benefit payable by this Certificate.

For any Disability caused by, contributed to, by, or resulting from a Pre-Existing Condition, We limit the Maximum Payment Period to 2 weeks, unless the Disability starts after You complete at least one full day of Active Work after the date You have been covered under this Certificate for 12 Months in a row.

Your Disability caused by, contributed to, by, or resulting from a Pre- Existing Condition may begin after:

- A change which provides for an increase in the benefits payable by this Certificate; or
- A change in Your benefit election which increases the benefit payable by this Certificate.

In this case, Your benefit will be limited to the amount that would have been payable had the change not taken place. But, this limit does not apply if Your Disability starts after You complete at least one full day of Active Work after the date the change has been in force for 12 Months in a row.

We do not cover any Disability that starts before Your coverage under this Certificate.

B400.0206

All Options

Prior Coverage Credit: If this Certificate replaces a similar Disability income replacement plan the Employer had with another insurer, the Pre-Existing Condition provision may not apply to You, if coverage under this Certificate starts immediately after the termination of coverage under the prior Disability income replacement plan.

This Certificate must start right after the prior plan ends.

The Pre-Existing Condition provision will be waived for You if You:

- Are Actively Working on Your Eligibility Date for coverage under this Certificate; and
- Have fulfilled the requirements of any Pre-Existing Condition provision of the prior plan provided by the Employer.

You may have been covered under the prior plan when it ended, but have not met the requirements of any Pre-Existing Condition provision of the prior plan. In that case, We credit any time used to meet the prior plan's Pre-Existing Condition provision toward meeting this Certificate's Pre-Existing Condition provision. You must:

- Enroll for coverage under this Certificate on or before this Certificate's Effective Date; and
- Be Actively Working on Your Eligibility Date for coverage under this Certificate.

But, We limit Your maximum Weekly Benefit under this Certificate if:

- It is more than the maximum Weekly Benefit for which You were covered under the prior plan provided by the Employer;
- You become Disabled due to a Pre-Existing Condition; and
- This Certificate pays benefits for such Disability because We credit time as explained above.

In this case, We limit the maximum Weekly Benefit to the amount to which You would have been entitled under the prior plan.

We deduct all payments made by the prior plan under an extension provision.

B400.0207

Purpose: When You have the right to recover amounts paid by this Certificate, We also have certain rights. These are explained below.

Subrogation: When this Certificate pays a benefit, We will immediately be subrogated to Your rights of recovery from any third party to the full extent of benefits paid.

Lien Rights: We will have a lien to the extent of benefits We paid due to Your Injury, Sickness or condition for which the third party is liable. The lien will be imposed on any recovery, whether by settlement, judgment, or otherwise, including from any insurance coverage, that You receive due to Your Injury, Sickness or condition. - To make You whole; or
- To compensate You in part or in whole for the damages sustained.

This Certificate is not required to participate in or pay court costs or attorney fees to the attorney hired by You to pursue Your damage claim.

Applicable To All Settlements And Judgments: We are entitled to full recovery regardless of whether:

- The settlement or judgment received by You identifies the benefits the plan paid.

This Certificate is entitled to recover from any and all settlements or judgments, even those designated as pain and suffering or non-economic damages only.

Cooperation: You must fully cooperate with Our efforts to recover the benefits paid under this Certificate. You must notify Us within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of Your intention to pursue or investigate a claim to recover damages or obtain compensation due to Injury, Sickness or condition sustained by You. You and Your agents, must provide all information requested by Us or Our representative. This includes, but is not limited to, completing and submitting any applications or other forms or statements as We may reasonably request. Failure to do this may result in the termination of benefits or the instigation of legal action against You.

You must do nothing:

- To prejudice Our rights as described in this section; or
- To prejudice Our ability to enforce the terms of this section.

This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full amount of all benefits paid by this Certificate.

We have the right to conduct an investigation regarding the Injury, Sickness or condition to identify any third party. We reserve the right to notify the third party and his or her agents of Our lien. Agents include, but are not limited to:

- Insurance companies; and
- Attorneys.

Interpretation: In the event that any claim is made that any part of this section is ambiguous, or questions arise as to the meaning or intent of any of its terms, We have the authority to resolve all disputes regarding the interpretation of this section.

If Proof of Insurability is required and has been submitted and approved by Us, proof for additional increases will be required on the second anniversary of the approval date.

B400.0651

All Options

Proof of Insurability Requirements Depending on the coverage sought, You may be required to supply proof that the person applying for coverage is insurable for the type and amount of coverage selected. This requirement is called Proof of Insurability. For purposes of this section, any person applying for coverage requiring Proof of Insurability is referred to as an "applicant."

To determine if the applicant is required to submit Proof of Insurability for the type and amount of coverage sought, please see below.

Any applicant required to submit Proof of Insurability must complete and submit to Us an acceptable Enrollment/Change form. We may also require the completion of additional forms so that we may determine whether the applicant is insurable, according to Our underwriting standards for the type and amount of insurance for which the applicant applied. To determine if the applicant is insurable, We may also need to obtain and review the applicant's:

- Health and medical history;
- Prescription history;
- Records relating to treatment;
- Diagnostic testing;
- Hospitalization and the like; and
- Records pertaining to the applicant's driving and motor vehicle history.

No coverage requiring Proof of Insurability will become effective unless and until it is approved by Us in writing. Our receipt of any premiums associated with coverage requiring Proof of Insurability does not waive or modify any requirement that must be satisfied for coverage to begin, including but not limited to the requirement that the applicant submit Proof of Insurability. In the event that any premiums are overpaid, Our only obligation is to return the amount of overpaid premiums.

The Employer, or its designee, must give Us complete and accurate information so that we may determine:

- Who is insured;
- The type and amount of coverage for which someone is insured; and
- Any other information required so that Guardian may meet its obligations under the Certificate.

We require Proof of Insurability as follows:

If You:

- Do not meet this Certificate's enrollment requirement within 30 days after You first become eligible; or
- Enroll outside of the group enrollment period specified by Your Employer; or
- Enroll after You previously had coverage which ended because You failed to make a required payment.

We will require Proof of Insurability. And, You will not be covered until We approve that proof in writing.

If Your Active Work ends before You meet any Proof of Insurability requirements that apply, You will still have to meet those requirements if You are later re-employed by the Employer or an associated company within 30 days.

You must give US Proof of Insurability if You were previously declined or would have been considered a late enrollee under a group short term disability plan which this Certificate replaced.

You must give Us Proof of Insurability for any amount greater than the amount for which You were covered under the group short term disability plan which this Certificate replaced.

If You request to change Your plan election to a higher level of coverage and You do this outside of the group enrollment period (see Conditions of Eligibility for more information), Proof of Insurability is required. You will not be covered for the higher level of coverage until We approve that proof in writing.

Any level of coverage that requires Proof of Insurability takes effect on the date We approve that proof in writing. But, You must be Actively At Work on that date. If You are not, the new level of coverage will take effect on the date You return to Active Work. In any case, the new level of coverage will not apply to a Recurring Disability.

Changes To Coverage

Changes In Coverage Amounts	If You are not Actively At Work, any change in Your amount of coverage will not become effective prior to the date You return to Active Work.
------------------------------------	---

Changes In Insurance Classification	If Your classification changes, coverage will not be changed to the new amount until the first day on which You are: (1) Actively At Work; and (2) make a contribution, if required, for the new classification.
--	--

If a contribution is required for the new classification for which a larger amount of coverage is provided, You must make the required contribution for the new amount within 31 days of the change. If You do not make the required contribution within 31 days of the change or within 31 days of becoming Actively At Work, if You are not Actively At Work, when Your classification changes, no increase will be allowed due to such change or any later change. In that case, in order to become covered for the larger amount, You must:

- Make the required contribution for the new amount; and
- Furnish Proof of Insurability to Us, which We approve in writing.

If the coverage amount was previously reduced because of age or retirement, it will be retained at the reduced amount.

STATEMENT OF ERISA RIGHTS

The Guardian Life Insurance Company of America
10 Hudson Yards
New York, New York 10001
(212) 598-8000

Your group Short Term and/or Long Term Disability Income benefits may be covered by the Employee Retirement Income Security Act of 1974 (ERISA). If so, you are entitled to certain rights and protections under ERISA.

ERISA provides that all plan participants shall be entitled to:

**Receive Information
about Your Plan and
Benefits**

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

**Prudent Actions by
Plan Fiduciaries**

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

**Enforcement of
Your Rights**

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Claims Procedures below).

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions

If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Disability Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from The Guardian Life Insurance Company of America (hereinafter referenced as Guardian).

Guardian is the Claims Fiduciary with authority to interpret and construe the terms of the Policy, the Certificate, the Schedule of Benefits, and any riders, or other documents or forms that may be attached to the Certificate or the Policy, and any other plan documents. Guardian has authority to determine eligibility for benefits and coverage under those documents. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of ERISA.

Definitions

"Adverse determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

Timing for Initial Benefit Determination

The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Guardian will provide a benefit determination not later than 45 days from the date of receipt of a claim. This period may be extended by up to 30 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 45-day period. Such notification will include the reason for the extension and a date by which the determination will be made. If prior to the end of the 30-day period Guardian determines that an additional extension is necessary due to matters beyond the control of the plan, and so notifies the claimant, the time period for making a benefit determination may be extended for up to an additional period of up to 30 days. Such notification will include the special circumstances requiring the extension and a date by which the final determination will be made.

A notification of an extension to the time period in which a benefit determination will be made will include an explanation of the standards upon which entitlement to a benefit is based, any unresolved issues that prevent a decision of the claim, and the additional information needed to resolve those issues.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Adverse Benefit Determination

If a claim is denied, Guardian will provide a notice that will set forth:

- The specific reason(s) for the adverse determination;
- References to the specific provisions in the Policy, Certificate, plan or other documents, on which the determination is based;
- A description of any additional material or information necessary to perfect the claim and an explanation of why such material or information is necessary;
- A description of the plan's claim review procedures which a claimant may follow to have a claim for benefits reviewed and the time limits applicable to such procedures;
- A statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you and vocational professionals who evaluated you;

- If applicable, an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- A description of the plan's review procedures and the time limits applicable to such procedures, including a statement of the claimant's right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination on appeal, and;
- In the case of an adverse benefit determination based on medical necessity or experimental treatment, notice will either include an explanation of the scientific or clinical basis for the determination, or a statement that such explanation will be provided free of charge upon request.

Appeal of Adverse Benefit Determinations If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal. Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- The opportunity to submit written comments, documents, records and other information relating to the claim;
- The opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relevant to the claim; and
- A review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- Provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- In deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- Identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- Ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision not later than 45 days after receipt of the request for review of the adverse determination. This period may be extended by an additional period of up to 45 days if Guardian determines that special circumstances require an extension of the time period for processing and so notifies the claimant before the end of the initial 45-day period.

A notification with respect to an extension will indicate the special circumstances requiring an extension of the time period for review, and the date by which the final determination will be made.

In the event Guardian denies the appeal of an adverse benefit determination, it will:

- Provide the specific reason or reasons why the appeal was denied;
- Refer to the specific provisions in the Policy, Certificate, plan, or other documents on which the benefit determination is based;
- Provide a statement that the claimant is entitled to receive, upon request and free of charge, reasonably access to, and copies of all documents, records, and other information relevant to the claimant's claim for benefits;
- Provide a statement disclosing any internal rule, guideline, protocol or similar criterion relied on in making the adverse benefit determination (or a statement that such information will be provided free of charge upon request); or a statement that no internal rule, guideline, protocol or similar criterion was relied upon in making the adverse benefit determination;
- If applicable, provide an explanation of the basis of disagreement with or not following the views presented by you, of health care professionals who treated you, and vocational professionals who evaluated you;
- If applicable, provide an explanation of the basis for disagreeing with or not following the views of any medical or vocational expert whose advice was obtained on our behalf in connection with the adverse benefit determination, without regard to whether the advice was relied upon in making the determination;
- If applicable, provide an explanation of the basis for disagreeing with or not following a disability determination made by the Social Security Administration that you present to us;
- Provide a statement describing the claimant's right to bring a civil suit under Section 502(a) of the Employee Retirement Income Security Act of 1974 which shall also describe any applicable contractual limitations period that applies the claimant's right to bring such an action, including the calendar date on which the contractual limitations period expires for the claim, and;

- In the event the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, provide either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant's medical circumstances, or a statement that such explanation will be provided free of charge upon request.

Alternative Dispute Options The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

In addition to any legal rights you may have under section 502(a), if you believe that we have violated ERISA's procedural requirements, you may request that we review any claimed violation(s) and we will respond to you within ten days.

ELIGIBILITY FOR CRITICAL ILLNESS - EMPLOYEE COVERAGE

Eligible Employees

Subject to the conditions of eligibility set forth below, and to all of the other conditions of the Plan, You are eligible if You are in an eligible class of Employees and are an active Full-Time Employee.

If You are a partner or proprietor, We will treat You like an Employee if You meet the Plan's conditions of eligibility.

Conditions of Eligibility

You are eligible for Critical Illness coverage if You are;

- Legally working in the United States, or working outside of the United States for a United States based employer in a country or region approved by Us; and
- Regularly working at least the number of hours in the normal work week set by the Employer (but not less than 30 hours per week) at: (1) the Employer's place of business; (2) some place where the Employer's business requires You to travel; or (3) any other place You and the Employer have agreed upon for the performance of occupational duties.

You are **not** eligible for Critical Illness coverage if You are a temporary or seasonal Employee.

Enrollment Requirement: If You must pay all or part of the cost of Your coverage, We will not cover You until You enroll and agree to make the required payments.

Proof of Insurability: If You: (1) do not meet this Plan's enrollment requirement within 31 days after You first become eligible; or (2) enroll after You previously had coverage which ended because You failed to make a required payment, We will ask for Proof of Insurability. And, You will not be covered until We approve that Proof of Insurability in writing.

Part or all of Your insurance amounts may be subject to Proof of Insurability. The Schedule of Benefits explains if and when We require Proof of Insurability. You will not be covered for any amount that requires such Proof of Insurability until You give the Proof of Insurability to Us and We approve that Proof of Insurability in writing.

If Your active Full-Time service ends before You meet any Proof of Insurability requirements that apply You will still have to meet those requirements if You are later re-employed by the Employer or an associated company.

When Employee Coverage Starts

Your eligibility date is the date You have met all of the conditions of eligibility.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not be scheduled to start until You send Us Proof of Insurability. Once We have approved such Proof of Insurability, Your coverage is scheduled to start on the effective date shown in the endorsement section of Your evidence of insurability form.

Any part of Your coverage which is subject to Proof of Insurability will not start unless You send such Proof of Insurability to Us, and We approve it in writing. Once We have approved it, that part of Your coverage is scheduled to start on the effective date shown in the endorsement section of Your evidence of insurability form. If Your active service ends before You meet any Proof of Insurability requirements that apply You will still have to meet those requirements if You are later re-employed by the Employer or an associated company.

On the date all or part of Your coverage is scheduled to start, You must be: (1) Actively At Work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. In that case, Your coverage will start at 12:01 A.M. Standard Time for Your place of residence on that date. In any other case, We will postpone the start of Your coverage until the date You: (a) return to Active Work; (b) are working Your regular number of hours; and (c) are fully capable of performing the major duties of Your regular occupation. Sometimes, a scheduled effective date is not a regularly scheduled work day. If the scheduled effective date falls: on a holiday; on a vacation day; on a non-scheduled work day; during a layoff of less than 180 days in duration; during an approved leave of absence not due to sickness or injury, of 90 days or less; or on a day during a period of absence that is less than 7 days in duration; and if: (a) You were fully capable of performing the major duties of Your regular occupation for the Employer on a full-time basis at 12:01 AM Standard Time for Your place of residence on the scheduled effective date; and (b) You were performing the major duties of Your regular occupation and working Your regular number of hours on Your last regularly scheduled work day; Your coverage will start on the scheduled effective date.

Delayed Effective Date For Voluntary Critical Illness Coverage: If You are not Actively At Work on the date Your Voluntary Critical Illness coverage is scheduled to start due to Sickness or Injury, We will postpone coverage for an otherwise covered loss due to that Sickness or Injury. We will postpone such coverage until You complete ten days in a row without missing a work day due to that Sickness or Injury in which You are: (1) Actively At Work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. Coverage for an otherwise covered loss due to all other conditions will start on the date You are: (a) Actively At Work; (b) fully capable of performing the major duties of Your regular occupation; and (c) working Your regular number of hours.

Exception to When Employee Coverage Starts: If You are not capable of performing the major duties of Your regular occupation for Your Employer on a full-time basis on the date Your coverage is scheduled to start, You will be insured for Critical Illness insurance if:

1. You were insured under the prior insurer's group critical illness policy at the time of the transfer;
2. You are a member of an eligible class; and
3. premiums for You were paid up to date; and
4. You are not receiving or eligible to receive benefits under the prior insurer's group critical illness policy.

Any Critical Illness benefit payable will be the lesser of:

1. the Critical Illness benefit payable under the Group Policy; or
2. the critical illness benefit payable under the prior insurer's group critical illness policy had it remained in force.

The Critical Illness benefit payable will be reduced by any amount paid by the prior insurer's group critical illness policy.

All other provisions under this Policy will apply under the Exception to When Employee Coverage Starts.

You will remain insured under this provision until the first to occur of:

1. the date You are fully capable of performing the major duties of Your regular occupation for Your Employer on a full-time basis;
2. the date insurance terminates for one of the reasons stated in When Employee Coverage Ends;
3. the last day of a period of 12 consecutive months which begins on the Policy effective date; or
4. the last day You would have been covered under the prior insurer's group critical illness policy, had the prior plan not terminated.

Your Right to Continue Critical Illness Coverage During a Family Leave of Absence

Important Notice: This section may not apply to Your Employer's Plan. You must contact Your Employer to find out if he or she must allow for a family leave of absence under federal law. If he or she must allow for such leave, this section applies.

If Your Coverage Would End: Your Critical Illness coverage would normally end because You cease work due to an approved leave of absence. But, You may continue Your coverage if the leave has been granted: (1) to allow You to care for a seriously injured or ill spouse, child or parent; (2) after the birth or adoption of a child; (3) due to Your own serious health condition; or (4) because of a serious Injury or illness arising out of the fact that Your spouse, child, parent or next of kin who is a covered service member is on active duty, or has been notified of an impending call or order to active duty, in the Armed Forces in support of a contingency operation. To continue Your coverage, You will be required to pay the same share of the premium as You paid before the leave of absence.

When Continuation Ends: Continued coverage will end on the earliest of the following:

- The date You return to Active Work.
- In the case of a leave granted to You to care for a covered service member, the end of a total leave period of 26 weeks in one 12 month period. This 26 weeks total leave period applies to all leaves granted to You under this section for all reasons. If You take an additional leave of absence in a subsequent 12 month period, continued coverage will cease at the end of a total leave period of 12 weeks.
- In any other case, the end of a total leave period of 12 weeks in any 12 month period.
- The date on which Your Employer's Plan is terminated or You are no longer eligible for coverage under this Plan.
- The end of the period for which premium has been paid.

Adopted Children and Step-Children

Your dependent children" include Your legally adopted children, Your newborn children and Your step-children. But, Your step-children must depend on You for most of their support and maintenance. We treat a child as legally adopted from the time the child is placed in Your home for the purpose of adoption. We treat such a child this way whether or not a final adoption order is ever issued.

B047.0727

All Options

Dependents Not Eligible

We exclude any dependent who is on active duty in any armed force. And, We exclude any dependent who is covered by this Plan as an Employee.

A child may be an eligible dependent of more than one Employee who is insured under this Plan. In that case, the child may be insured for dependent Critical Illness benefits by only one Employee at a time.

B005.0066

Handicapped Children

You may have a child who is: (a) incapable of self-sustaining employment by reason of a mental or physical handicap or developmental disability; and (b) chiefly dependent upon You for support and maintenance. In that case such a child may remain eligible for dependent benefits past the age limit subject to the conditions shown below.

- His or her condition started before he or she reached the age limit.
- He or she became covered for dependent Critical Illness benefits before he or she reached the age limit, and remained continuously covered until he or she reached the age limit.
- You send Us written proof, and We approve such proof, of the child's disability and dependence within 31 days from the date he or she reaches the age limit. After the two year period following the child's attainment of the age limit, We can ask for periodic proof that the child's condition continues, but We cannot ask for this proof more than once a year. The child's coverage ends when Your coverage ends.

B047.0728

Proof of Insurability

We require Proof of Insurability that a dependent is insurable if You: (1) enroll a dependent who was previously declined or would have been considered a late enrollee under a group critical illness coverage plan providing dependent coverage which this Plan replaced; (2) enroll a dependent and agree to make the required payments after the end of the Enrollment Period.

A dependent is not covered by any part of this Plan that requires such Proof of Insurability until You give Us this Proof of Insurability and We approve it in writing.

If Your dependent coverage ends for any reason, including failure to make the required payments, Your dependent will not be covered by this Plan again until You give Us new Proof of Insurability that they are insurable and We approve that Proof of Insurability in writing.

B005.0069

When Dependent Coverage Starts

In order for Your dependent coverage to start, You must already be covered for Employee coverage, or enroll for Employee and dependent coverage at the same time.

Subject to the Exception below and to all of the other terms of this Plan, the date Your dependent coverage starts depends on when You elect to enroll Your Initial Dependents and agree to make any required payments. If You do this on or before Your Eligibility Date, the dependent's coverage is scheduled to start on the later of Your eligibility date and the date you become covered for Employee coverage.

If You do this within the Enrollment Period, the coverage is scheduled to start on the date You become covered for Employee coverage.

If You do this after the Enrollment Period ends, Your dependent coverage is subject to Proof of Insurability and will not start until We approve that Proof of Insurability in writing.

Once You have dependent child coverage for Your Initial Dependent child(ren) any Newly Acquired Dependent children will be covered as of the date he or she is first eligible. Coverage for a newborn child shall be provided without notice or additional premium for 60 days after the date of birth. If payment of a specific premium or subscription fee is required to continue coverage beyond the 60 day period, You will receive notification of the required premium or fees within a period of not less than 60 days after the date of birth.

If Proof of Insurability is required for dependent benefits as explained above, those benefits will not be scheduled to start until You give Us Proof of Insurability that the dependent is insurable. Once We have approved that Proof of Insurability, those benefits will be scheduled to start on the effective date shown in the endorsement section of Your application.

B047.0729

Exception We will postpone the effective date of a dependent's, other than a newborn child's, coverage if, on that date, he or she is: (1) confined to a hospital or other health care facility; (2) home confined; or (3) unable to perform two or more Activities of Daily Living. In that case, We will postpone the effective date of his or her coverage until the day after the date: (a) of his or her discharge from such facility; (b) his or her home confinement ends; or (c) he or she is no longer requires assistance with two or more Activities of Daily Living. If a dependent was covered under a prior plan at transfer, this language will not apply to the amount of coverage that was in force with the prior plan.

B005.0071

When Dependent Coverage Ends

Dependent coverage ends for all of Your dependents when Your Employee coverage ends. Dependent coverage also ends for all of Your dependents when You stop being a member of a class of Employees eligible for such coverage. And, it ends when this Plan ends, or when dependent coverage is dropped from this Plan for all Employees or for Your class.

If You are required to pay all or part of the cost of dependent coverage, and You fail to do so, Your dependent coverage ends. It ends on the last day of the period for which You made the required payments, unless coverage ends earlier for other reasons.

Your dependent's coverage ends when he or she stops being an eligible dependent. This happens to a child at 12:01 A.M. on the date the child attains this Plan's age limit, when he or she marries, or when a step-child is no longer dependent on You for support and maintenance. It happens to a spouse: (1) when a marriage ends in legal divorce or annulment; and (2) at 12:01 A.M. on the date the spouse reaches the limiting age, if applicable.

Critical Illness Benefits

This Plan will pay a benefit based on the benefit amount for which a Covered Person is covered. The benefit will be subject to all of the terms of this Plan.

This Plan only pays benefits for the occurrence of the Critical Illnesses listed and defined in the Covered Critical Illnesses section below.

Each Critical Illness must occur while the Covered Person is covered by this Plan. This Plan deems each Critical Illness to occur on the date described for each Critical Illness in the Covered Critical Illnesses section below.

Where one Critical Illness is caused by or contributes to another Critical Illness, only one benefit is payable. We will pay the greater of the benefits payable. If the amount payable for each Critical Illness is the same, You may choose which benefit to receive.

This Plan may pay a different level of benefits for the First Occurrence and the Recurrence of a Critical Illness. For some Critical Illnesses We pay no benefits for a Recurrence. The benefit levels are shown in the Schedule of Benefits.

By First Occurrence We mean the first time a Covered Person is Diagnosed with a Critical Illness while insured by this Plan. Pre-Existing Conditions A pre-existing condition is a Injury or Sickness, whether diagnosed or misdiagnosed, and any symptoms of it, for which in the 12 months before a person becomes covered by this Plan he or she: (1) receives advice or treatment from a Doctor; (2) undergoes diagnostic procedures, other than routine screening in the absence of symptoms or suspicion of disease process by a Doctor; (3) is prescribed or has taken prescription drugs; or (4) receives other medical care or treatment, including consultation with a Doctor. This Plan will not pay benefits for a Critical Illness that is caused by, or results from, a Pre-Existing Condition if the Critical Illness occurs during the first 12 months the person is covered by this Plan.

This Plan also limits the Covered Person's benefits under this Plan if a Critical Illness that is caused by, or results from, a Pre-Existing Condition occurs after: (a) a change which provides for an increase in the benefits payable by this Plan; or (b) a change in Your benefit election which increased the benefit payable by this Plan, In this case, Your benefit will be limited to the amount that would have been payable had the change not taken place. This limit does not apply if the Critical Illness occurs after the Covered Person completes at least one full day of active work after the change has been in force for 12 months in a row.

B005.0137

If This Plan Replaces Another Plan

This Plan may be replacing a similar plan that the Employer had with some other carrier. In that case, the Pre-Existing Condition limitation will not apply to any Covered Person who: (1) was covered under the Employer's old plan on the day before this Plan started; and (2) has met the requirements of any Pre-Existing Condition or limitation of the old plan; and (3) in Your case, are Actively At Work on a Full-Time basis on the effective date of this Plan.

This Plan will credit any time used to meet the old plan's Pre-Existing Condition provision toward meeting this Plan's Pre-Existing Condition provision, if the Covered Person: (1) was covered under the old plan when it ended; (2) enrolls for coverage under this Plan on or before this Plan's effective date; and (3) is Actively Working on the effective date of this Plan; but (4) has not fulfilled the requirements of any Pre-Existing Condition provision of the old plan.

But, this Plan limits a Covered Person's benefit under this Plan if: (1) it is more than the Critical Illness benefit for which he or she was covered under the old plan; (2) the illness is due to a Pre-Existing Condition; and (3) this Plan pays benefits because this Plan credits time as explained above. In this case, this Plan limits the benefit to the amount the Covered Person to which he or she would have been entitled under the old plan.

This Plan deducts all payments made by the old plan under an extension provision.

The following notice applies if your plan is governed by the Employee Retirement Income Security Act of 1974 and its amendments. This notice is not part of the Guardian plan of insurance or any employer funded benefits, not insured by Guardian.

STATEMENT OF ERISA RIGHTS

As a participant, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Statement of Erisa Rights (Cont.)

Enforcement Of Your Rights If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Fiduciary with discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA").

Definitions "Adverse Benefit Determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

"Group Health Benefits" means any accident, cancer, critical illness, specified disease or hospital indemnity coverages which are a part of this plan.

Timing For Initial Benefit Determination The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Claims. Guardian will provide a benefit determination not later than 30 days after receipt of a claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Adverse Benefit Determination If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse determination;
- reference to the specific plan provision(s) on which the determination is based;

Group Health Benefits Claims Procedure (Cont.)

- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;
- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and
- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

Group Health Benefits Claims Procedure (Cont.)

Claims. Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse benefit determination.

Alternative Dispute Options The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

ELIGIBILITY FOR ACCIDENT COVERAGE - DEPENDENT COVERAGE

Eligible Dependents For Dependent Accident Coverage

Your eligible dependents are Your: (1) spouse; and (2) unmarried dependent children from birth, until they reach age 26.

Adopted Children And Step-Children

Your "unmarried dependent children" include Your newborn children, legally adopted children and Your step-children. But, Your step-children must depend on You for most of their support and maintenance. We treat a child as legally adopted from the time the child is placed in Your home for the purpose of adoption. We treat such a child this way whether or not a final adoption order is ever issued. Placement for adoption means the assumption and retention by a person of a legal obligation for total or partial support of a child in anticipation of the adoption of the child. Placement with a person terminates upon the termination of such legal obligations.

Dependents Not Eligible

We exclude any dependent who is on active duty in any armed force. And, We exclude any dependent who is covered by this Certificate as an Employee.

A child may be an eligible dependent of more than one Employee who is insured under this Certificate. In that case, the child may be insured for dependent Accident benefits by only one Employee at a time.

Handicapped Children

You may have an unmarried child who is: (a) incapable of self-sustaining employment by reason of a mental or physical handicap or developmental disability; and (b) chiefly dependent upon You for support and maintenance. In that case such a child may remain eligible for dependent benefits past the age limit subject to the conditions shown below.

- You send Us written proof of the child's disability and dependence within 31 days from the date he or she reaches the age limit. After the two year period following the child's attainment of the age limit, We can ask for periodic proof that the child's condition continues, but We cannot ask for this proof more than once a year. Written proof includes: A copy of the most recent income tax statement showing the child is claimed by the insured as a dependent; a copy of a Social Security Income (SSI) statement; a letter from the medical provider which would include the prognosis, and a statement regarding the dependents inability to support him/herself due to medical conditions.

The child's coverage ends when Your coverage ends.

When Dependent Coverage Starts In order for Your dependent coverage to start, You must already be covered for Employee coverage, or enroll for Employee and dependent coverage at the same time.

Subject to the Exception below and to all of the other terms of this Plan, the date Your dependent coverage starts depends on when You elect to enroll Your Initial Dependents and agree to make any required payments.

If You do this on or before Your Eligibility Date, the dependent's coverage is scheduled to start on the later of Your Eligibility Date and the date You become covered for Employee coverage.

If You do this after Your Eligibility Date, the coverage is scheduled to start on the later of the date You sign the enrollment form and the date You become covered for Employee coverage.

Once You have dependent child coverage for Your Initial Dependent child(ren) any Newly Acquired Dependent children will be covered as of the date he or she is first eligible.

Coverage for a newborn child shall be provided without notice or additional premium for 31 days after the date of birth. If payment of a specific premium or subscription fee is required to continue coverage beyond the 31 day period, You will receive notification of the required premium or fees within a period of not less than 31 days after the date of birth.

When Dependent Coverage Ends

Dependent coverage ends for all of Your dependents when Your Employee coverage ends because you are no longer a member of a class of Employees eligible for such coverage. And, it ends when this coverage ends, or when dependent coverage is dropped from this coverage for all Employees or for Your class.

If You are required to pay all or part of the cost of dependent coverage, and You fail to do so, Your dependent coverage ends. It ends on the last day of the period for which You made the required payments, unless coverage ends earlier for other reasons.

Your dependent's coverage ends when he or she stops being an eligible dependent. This happens to a child at 12:01 A.M. on the date the child attains this Plan's age limit, when he or she marries, or when a step-child is no longer dependent on You for support and maintenance, or for Your handicapped child who has reached the age limit, when he or she marries or is no longer dependent on You for support and maintenance. Enforcement Of Your Rights If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Fiduciary with discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA").

Definitions "Adverse Benefit Determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

"Group Health Benefits" means any accident, cancer, critical illness, specified disease or hospital indemnity coverages which are a part of this plan.

Timing For Initial Benefit Determination The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Claims. Guardian will provide a benefit determination not later than 30 days after receipt of a claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Adverse Benefit Determination If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse determination;
- reference to the specific plan provision(s) on which the determination is based;

Group Health Benefits Claims Procedure (Cont.)

- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;
- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and
- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

Group Health Benefits Claims Procedure (Cont.)

Claims. Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse benefit determination.

Alternative Dispute Options The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

ELIGIBILITY FOR CANCER COVERAGE - DEPENDENT COVERAGE

Eligible Dependents For Dependent Cancer Coverage

Your eligible dependents are Your: (1) spouse; and (2) unmarried dependent children from birth who are under age 26.

Adopted Children And Step-Children

Your "dependent children" include Your newborn children, legally adopted children and Your step-children. But, Your step-children must depend on You for most of their support and maintenance. We treat a child as legally adopted from the time the child is placed in Your home for the purpose of adoption. We treat such a child this way whether or not a final adoption order is ever issued.

Dependents Not Eligible

We exclude any dependent who is on active duty in any armed force. And, We exclude any dependent who is covered by this Plan as an Employee. Upon notice of entry into service, pro rata unearned premiums will be refunded.

A child may be an eligible dependent of more than one Employee who is insured under this Plan. In that case, the child may be insured for dependent Cancer benefits by only one Employee at a time.

Handicapped Children

You may have a child who is: (a) incapable of self-sustaining employment by reason of a mental or physical handicap or developmental disability; and (b) chiefly dependent upon You for support and maintenance. In that case such a child may remain eligible for dependent benefits past the age limit subject to the conditions shown below.

- His or her condition started before he or she reached the age limit.
- He or she became covered for dependent Cancer benefits before he or she reached the age limit, and remained continuously covered until he or she reached the age limit.
- He or she is unmarried and remains: (i) incapable of self-sustaining employment; and (ii) dependent upon You for most of his or her support and maintenance.

- You send Us written Proof, and We approve such Proof, of the child's disability and dependence within 31 days from the date he or she reaches the age limit. After the two year period following the child's attainment of the age limit, We can ask for periodic Proof that the child's condition continues, but We cannot ask for this Proof more than once a year.

The child's coverage ends when Your coverage ends.

Proof Of Insurability

We require that You answer insurability questions with respect to Your dependents. The answers to these questions will determine whether or not Your dependents will be covered by this Plan.

When Dependent Coverage Starts

When Dependent Coverage Starts In order for Your dependent coverage to start, You must already be covered for Employee coverage, or enroll for Employee and dependent coverage at the same time.

Subject to the Exception below and to all of the other terms of this Plan, the date Your dependent coverage starts depends on when You elect to enroll Your Initial Dependents and agree to make any required payments.

If You do this on or before Your Eligibility Date, the dependent's coverage is scheduled to start on the later of Your Eligibility Date and the date You become covered for Employee coverage.

If You do this within the Enrollment Period, the coverage is scheduled to start on the later of the 1st day of the month which coincides with or next follows the date You sign the enrollment form and the date You become covered for Employee coverage.

If You do this after the Enrollment Period ends, the coverage is scheduled to start the later of the 1st day of the month which coincides with or next follows the date You sign the enrollment form.

Once You have dependent child coverage for Your Initial Dependent child(ren) any Newly Acquired Dependent children will be covered as of the date he or she is first eligible.

Exception We will postpone the effective date of a dependent's, other than a newborn child's, coverage if, on that date, he or she is: (1) confined to a Hospital or other health care facility; (2) home confined; or (3) unable to perform two or more Activities of Daily Living. In that case, We will postpone the effective date of his or her coverage until the day after the date: (a) of his or her discharge from such facility; (b) his or her home confinement ends; or (c) he or she is no longer requires assistance with two or more Activities of Daily Living. If a dependent was covered under a prior plan at transfer, this language will not apply to the amount of coverage that was in force with the prior plan.

When Dependent Coverage Ends

When Dependent Coverage Ends Dependent coverage ends for all of Your dependents when Your Employee coverage ends. Dependent coverage also ends for all of Your dependents when You stop being a member of a class of Employees eligible for such coverage. And, it ends when this Plan ends, or when dependent coverage is dropped from this Plan for all Employees or for Your class.

If You are required to pay all or part of the cost of dependent coverage, and You fail to do so, Your dependent coverage ends. It ends on the last day of the period for which You made the required payments, unless coverage ends earlier for other reasons.

Your dependent's coverage ends when he or she stops being an eligible dependent. This happens to a child at 12:01 A.M. on the date the child attains this Plan's age limit or for Your handicapped child who has reached the age limit, when he or she marries or is no longer dependent on You for support and maintenance. It happens to a spouse: (1) when a marriage ends in legal divorce or annulment.

All Options

Limitations

Proof Of Insurability The Covered Person's coverage may not become effective until he or she submits Proof Of Insurability to Us. These requirements are shown in the schedule of insurance.

Pre-Existing Conditions A Pre-Existing Condition is a Cancer, whether Diagnosed or misdiagnosed, for which in the 3 months before a person becomes covered by this Plan, he or she: (1) received advice or treatment from a Doctor; (2) underwent diagnostic procedures; (3) was prescribed or took prescription drugs; or (4) received other medical care or treatment, including consultation with a Doctor.

This Plan will not pay benefits for Cancer that is caused by, or results from, a Pre-Existing Condition if the Cancer occurs during the first 12 months that the person is covered by this Plan.

If This Plan Replaces Another Plan This Plan may be replacing a similar plan that the Employer had with some other insurer. In that case, the Pre-Existing Condition Limitation will not apply to any Covered Person who: (1) was covered under the Employer's old plan on the day before this Plan started; and (2) has met the requirements of any Pre-Existing Condition Limitation of the old plan; and (3) is Actively At Work on A Full-Time Basis on the effective date of this Plan.

If the Covered Person: (1) was covered under the old plan when it ended; (2) enrolls for insurance under this Plan on or before this Plan's effective date; and (3) is Actively Working on the effective date of this Plan; but (4) has not fulfilled the requirements of any Pre-Existing Condition provision of the old plan; this Plan will credit any time used to meet the old plan's Pre-Existing Condition provision toward meeting this Plan's Pre-Existing Condition provision

But, this Plan limits a Covered Person's benefit under this Plan if: (1) the Cancer is a Pre-Existing Condition; and (2) this Plan pays benefit because this Plan credits time as explained above. In this case, this Plan limits the benefit to the amount the Covered Person would have been entitled to under the old plan.

This Plan deducts all payments made by the old plan under an extension provision.

Proof of Insurability Requirements We require that You answer insurability questions with respect to You and Your Dependents. The answers to these questions will determine whether or not You and Your Dependents will be covered by this Plan.

We require Proof of Insurability as follows:

We require Proof of Insurability before You and any of Your Dependents becomes covered by this Plan.

We require Proof of Insurability when You switch from Your current Plan of Cancer coverage to a Plan with a higher benefit amount.

Changes To Coverage

Changes In Coverage Amounts If You are not Actively At Work on a Full-Time basis, any change in Your coverage or the coverage on a covered dependent will not become effective prior to the date You return to Active Work on a Full-Time basis.

Changes In Insurance Classification If Your classification changes, coverage will not be changed to the new amount until the first day on which You are: (1) Actively At Work on a Full-Time basis; and (2) make a contribution, if required, for the new classification.

If a contribution is required for the new classification for which greater coverage is provided, You must make the required contribution for the new coverage within 31 days of the change. If You do not make the required contribution within 31 days of the change or within 31 days of becoming Actively At Work on a Full-Time basis, if You are not Actively At Work on a Full-Time basis, when Your classification changes, no increase will be allowed due to such change or any later change. In that case, in order to become covered for the greater coverage, You must: (1) make the required contribution for the greater coverage; and (2) furnish Proof of Insurability to Us, which We approve in writing.

CERTIFICATE RIDER

Effective January 1, 2021 or the effective date of the Employee's Certificate, whichever is later, this rider amends this Plan by the addition of the following:

Initial Diagnosis Benefit We pay a one-time benefit when You are diagnosed for the first time as having Internal Cancer, other than carcinomas in-situ. The first Diagnosis must occur while You are covered by this Plan.

The benefit is \$1,500.00 for You, \$1,500.00 for Your spouse and \$1,500.00 for Your child. We pay this benefit once per Covered Person in a Covered Person's lifetime.

We don't pay this benefit for a Diagnosis of skin Cancer.

We don't pay the benefit if the Diagnosis occurred prior to the Covered Person's effective date under this Plan.

We don't pay this benefit for a recurrence, extension or metastatic spread of an Internal Cancer that was Diagnosed: (a) prior to a Covered Person's effective date under this Plan; or (b) during this Plan's Benefit Waiting Period.

We don't pay this benefit if the diagnosis was made solely outside of the United States or Canada.

Benefit Waiting Period This plan has a Benefit Waiting Period. It is 30 days. This period starts on the date a Covered Person is first covered by this Plan. We do not pay an initial Diagnosis benefit for Cancer that is Diagnosed during the Benefit Waiting Period.

If this Plan replaces a similar plan the Employer had with some other insurer, the Benefit Waiting Period under this Plan will be waived if for any Covered Person who was covered under the Employer's old plan on the day before this Plan starts and is covered by this Plan on the day it starts.

As used in this rider, Benefit Waiting Period means the period of time a Covered Person must be covered under this Plan before we pay an Initial Diagnosis Benefit.

As used in this rider, carcinomas in-situ means Cancer that is confined to the site of origin, without having invaded neighboring tissue.

CERTIFICATE AMENDMENT - ELIGIBILITY FOR CANCER COVERAGE

Effective on the latter of (i) the original effective date of the Certificate; or (ii) the effective date of any applicable amendment requested by the Policyholder and approved by the Insurance Company, this rider amends this Plan by replacing the following:

Conditions of Eligibility

Proof of Insurability Part or all of Your insurance amounts may be subject to Proof of Insurability.

If You enroll within 31 days after Your Eligibility Date, coverage is scheduled to start on Your Eligibility Date.

If You do not enroll for this coverage within 31 days of Your Eligibility Date, You must answer health questions, or wait until the next scheduled group enrollment period. Once each year, during the group enrollment period, You may elect to enroll in this coverage as offered by the Employee. As used here, "group enrollment period" means an annual open enrollment period set by the Employer and agreed to by Us. If You elect to enroll outside of the group open enrollment period, You must provide Proof of Insurability by answering health questions, or wait until the next group enrollment period.

When Proof of Insurability is required, You and Your dependents will not be covered for any amount that requires such Proof of Insurability until You provide it to Us, We approve it in writing, and notify You of Your effective date of coverage.

When Employee Coverage Starts Your Eligibility Date is the date You have met all of the conditions of eligibility.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not be scheduled to start until You send Us Proof of Insurability or until You enroll during the next group enrollment period. If Proof of Insurability is required, You will not be covered by this Plan until We approve that Proof of Insurability in writing and notify You of Your effective date of coverage.

If Your active service ends before You meet any Proof of Insurability requirements that apply, You will still have to meet those requirements if You are later re-employed by the employer or an associated company.

On the date all or part of Your coverage is scheduled to start, You must be: (1) Actively at work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. In that case, Your coverage will start at 12:01 A.M. Standard Time for Your place of residence on that date. In any other case, We will postpone the start of Your coverage until the date You: (a) return to Active Work; (b) are working Your regular number of hours; and (c) are fully capable of performing the major duties of Your regular occupation. Sometimes, a scheduled effective date is not a regularly scheduled work day. If the scheduled effective date falls: on a holiday; on a vacation day; on a non-scheduled work day; during a layoff of less than 180 days in duration; during an approved leave of absence not due to sickness or injury, of 90 days or less; or on a day during a period of absence that is less than 7 days in duration; and if: (a) You were fully capable of performing the major duties of Your regular occupation for the employer on a full-time basis at 12:01 AM Standard Time for Your place of residence on the scheduled effective date; and (b) You were performing the major duties of Your regular occupation and working Your regular number of hours on Your last regularly scheduled work day; Your coverage will start on the scheduled effective date.

DEPENDENT COVERAGE

Proof of Insurability Part or all of Your Initial Dependent's insurance amounts may be subject to Proof of Insurability.

If You enroll Your Initial Dependents within 31 days after Your eligibility date, coverage is scheduled to start on Your eligibility date.

If You do not enroll for Initial Dependent coverage within 31 days of Your Eligibility Date, Your Initial Dependents must answer health questions, or wait until the next scheduled group enrollment period to enroll. Once each year, during the group enrollment period, You may elect to enroll Initial Dependents in this coverage as offered by the Employer. As used here, "group enrollment period" means an annual open enrollment period set by the Employer and agreed to by Us. If You elect to enroll Your Initial Dependents outside of the group open enrollment period, You must provide Proof of Insurability by answering health questions, or wait until the next group enrollment period.

When Proof of Insurability is required, Your Initial Dependents will not be covered for any amount that requires such Proof of Insurability until You give the Proof of Insurability to Us, We approve it in writing, and notify You of Your effective date of coverage.

In the case of a Newly Acquired Dependent, other than the first newborn child, You may elect to enroll a Newly Acquired Dependent within 31 days. If You do not elect to enroll a Newly Acquired Dependent within 31 days of his or her Eligibility Date, Your Newly Acquired Dependent(s) may have to answer health questions, or wait until the next scheduled group enrollment period to enroll.

If Your dependent coverage ends for any reason, including failure to make the required payments, Your dependent will not be covered by this Plan again until You give Us new Proof of Insurability that they are insurable and We approve that Proof of Insurability in writing, or wait until the next group enrollment period.

When Dependent Coverage Starts In order for Your dependent coverage to start, You must already be covered for Employee coverage, or enroll for Employee and dependent coverage at the same time.

If You enroll Your dependents on or before Your Eligibility Date, the dependent's coverage is scheduled to start on the later of Your Eligibility Date and the date You become covered for employee coverage.

If You do this within the group enrollment period, the coverage is scheduled to start on the date You become covered for employee coverage.

If You do this after the group enrollment period ends, Your dependent coverage may be subject to Proof of Insurability and will not start until We approve that Proof of Insurability in writing.

Once You have dependent child coverage for Your Initial Dependent child(ren) any Newly Acquired Dependent children will be covered as of the date he or she is first eligible. Coverage for a newborn child shall be provided without notice or additional premium for 60 days after the date of birth. If payment of a specific premium or subscription fee is required to continue coverage beyond the 60-day period, You will receive notification of the required premium or fees within a period of not less than 60 days after the date of birth.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You elect to enroll and agree to make the required payments more than 31 days after Your Eligibility Date, Your coverage will not be scheduled to start until You send Us Proof of Insurability or until you enroll during the next group enrollment period. If Proof of Insurability is required, You will not be covered by this Plan until We approve that Proof of Insurability in writing and notify You of Your effective date of coverage.

If Proof of Insurability is required for dependent benefits as explained above, those benefits will not be scheduled to start until You give Us Proof of Insurability that the dependent is insurable. Once We have approved that Proof of Insurability, those benefits will be scheduled to start on the effective date shown in the endorsement section of Your application.

CERTIFICATE AMENDATORY RIDER - Dependent Termination

This Rider amends the Certificate as follows and is effective on the Policy Date. If this Rider is effective after the Policy Date, the Rider becomes effective on its issue date.

The **When Dependent Coverage Ends** provision is replaced in its entirety with the following:

**When Dependent
Coverage Ends**

Dependent coverage ends for all of Your dependent(s) as follows:

- When Your Employee coverage ends;
- When You stop being a member of a class of Employees eligible for such coverage;
- When this Certificate ends, or dependent coverage is discontinued for a class of Employees to which You belong;
- On the last day of the period for which required payments are made for Your dependent(s);
- For Your child, on the last day of the month in which he or she attains the age limit or no longer qualifies under Continuing Coverage For Dependent Children Past the Age Limit.
- It also happens on the last day of the month in which Your stepchild is no longer dependent on You for at least 50% of his or her support and maintenance.
- For Your Spouse, on the last day of the month in which Your marriage is lawfully terminated.
- On the date Your dependent dies.

The **Handicapped Children** provision is replaced in its entirety with the following:

**Continuing
Coverage For
Dependent Children
Past the Age Limit**

An unmarried child that meets all of the conditions below may continue coverage past the child age limit:

- The child must be incapable of living independently due to a mental, physical, or developmental disability;
- The child must be primarily dependent upon You for support and maintenance;
- The child's mental, physical, or developmental disability must have begun before he or she reached the age limit; and
- The child must have been covered by this Certificate, or the prior carrier's group plan that it replaced, before he or she reached the age limit, and remained continuously covered until he or she reached the age limit.

You will have to send us documentation that your child meets these requirements within 31 days of the date the age limit was reached.

After two years has passed from the date the age limit was reached, we may periodically ask for documentation that your child continues to meet these requirements. We won't ask for this more than once a year.

Any coverage provided under this section ends when Your coverage ends, or your child no longer meets the conditions above.

This rider is a part of this Certificate. Except as stated in this rider, nothing contained in this rider changes or affects any other terms of this Certificate.

The following notice applies if your plan is governed by the Employee Retirement Income Security Act of 1974 and its amendments. This notice is not part of the Guardian plan of insurance or any employer funded benefits, not insured by Guardian.

STATEMENT OF ERISA RIGHTS

As a participant, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Statement of Erisa Rights (Cont.)

Enforcement Of Your Rights If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Fiduciary with discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA").

Definitions "Adverse Benefit Determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

"Group Health Benefits" means any accident, cancer, critical illness, specified disease or hospital indemnity coverages which are a part of this plan.

Timing For Initial Benefit Determination The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Claims. Guardian will provide a benefit determination not later than 30 days after receipt of a claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Adverse Benefit Determination If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse determination;
- reference to the specific plan provision(s) on which the determination is based;

Group Health Benefits Claims Procedure (Cont.)

- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;
- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and
- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

Group Health Benefits Claims Procedure (Cont.)

Claims. Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse benefit determination.

Alternative Dispute Options The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S Department of Labor Office and the State insurance regulatory agency.

When Employee Coverage Starts

Your Eligibility Date is the date You have met all of the conditions of eligibility.

Whether You must pay all or part of the cost of Your coverage, You must elect to enroll and agree to make the required payments before Your coverage will start. If You do this on or before Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do this within 31 days after Your Eligibility Date, Your coverage is scheduled to start on Your Eligibility Date. If You do not elect this coverage within 31 days of Your Eligibility Date, You must wait until the next scheduled group enrollment period. Once each year, during the group enrollment period You may elect to enroll in this coverage as offered by Your Employer. As used here, "group enrollment period" means an annual open enrollment period set by Your Employer and agreed to by Us. During this period, You can choose the Hospital Indemnity coverage Your Employer offers. An open enrollment period is usually held once a year and usually lasts for 30 days.

On the date all or part of Your coverage is scheduled to start, You must be: (1) Actively At Work; (2) fully capable of performing the major duties of Your regular occupation; and (3) working Your regular number of hours. In that case, Your coverage will start at 12:01 A.M. Standard Time for Your place of residence on that date. In any other case, We will postpone the start of Your coverage until the date You: (a) return to Active Work; (b) are working Your regular number of hours; and (c) are fully capable of performing the major duties of Your regular occupation. Sometimes, a scheduled effective date is not a regularly scheduled work day. If the scheduled effective date falls: on a holiday; on a vacation day; on a non-scheduled work day; during a layoff of less than 180 days in duration; during an approved leave of absence not due to Sickness or Injury, of 90 days or less; or on a day during a period of absence that is less than 7 days in duration; and if: (a) You were fully capable of performing the major duties of Your regular occupation for the Employer on a Full-Time basis at 12:01 AM standard time for Your place of residence on the scheduled effective date; and (b) You were performing the major duties of Your regular occupation and working Your regular number of hours on Your last regularly scheduled work day; Your coverage will start on the scheduled effective date.

**Exception to When
Employee Coverage
Starts:**

If You are not capable of performing the major duties of Your regular occupation for Your Employer on a Full-Time basis on the date Your coverage is scheduled to start, You will be insured for Hospital Indemnity insurance if:

1. You were insured under the prior insurer's group or individual Hospital Indemnity policy at the time of the transfer;
2. You are a member of an eligible class;
3. premiums for You were paid up to date; and
4. You are not receiving or eligible to receive benefits under the prior insurer's group or individual Hospital Indemnity policy.

Any Hospital Indemnity benefit payable will be the lesser of:

1. the Hospital Indemnity benefit payable under the Group Policy; or
2. the Hospital Indemnity benefit payable under the prior insurer's group Hospital Indemnity or individual policy had it remained in force.

But, You may continue Your coverage if the leave has been granted to: (1) allow You to care for a seriously injured or ill Spouse, child or parent; (2) after the birth or adoption of a child; (3) due to Your own serious health condition; or (4) because of a Serious Injury or Illness arising out of the fact that Your Spouse, child, parent or Next of Kin who is a Covered Service Member is on Active Duty, or has been notified of an impending call or order to Active Duty, in the Armed Forces in support of a Contingency Operation. To continue Your coverage, You will be required to pay the same share of the premium as You paid before the leave of absence.

- In any other case, the end of a total leave period of 12 weeks in any 12 month period.
- The date on which Your Employer's Plan is terminated or You are no longer eligible for coverage under this Plan.

- You send Us written proof, and We approve such proof, of the child's disability and dependence within 31 days from the date he or she reaches the age limit. After the two year period following the child's attainment of the age limit, We can ask for periodic proof that the child's condition continues, but We cannot ask for this proof more than once a year.

The child's coverage ends when Your coverage ends.

B047.1254

Dependents Not Eligible

A child may be an eligible dependent of more than one Employee who is insured under this Plan. In that case, the child may be insured for dependent Hospital Indemnity benefits by only one Employee at a time.

B005.0601

When Dependent Coverage Starts

In order for Your dependent coverage to start, You must already be covered for Employee coverage, or enroll for Employee and dependent coverage at the same time.

Subject to the Exception below and to all of the other terms of this Plan, the date Your dependent coverage starts depends on when You elect to enroll Your Initial Dependents and agree to make any required payments.

If You do this on or before Your Eligibility Date, the dependent's coverage is scheduled to start on the later of Your Eligibility Date and the date You become covered for Employee coverage.

If You do this within 31 days of Your Eligibility Date, the coverage is scheduled to start on the later of Your Eligibility Date and the date You become covered for Employee coverage.

If You do not elect dependent coverage within 31 days of Your Eligibility Date, You must wait until the next scheduled group enrollment period to add dependent coverage. Once each year, during the group enrollment period You may elect to enroll dependents in this coverage as offered by Your Employer. As used here, "group enrollment period" means an annual open enrollment period set by Your Employer and agreed to by Us. During this period, You can choose the dependent Hospital Indemnity coverage Your Employer offers. An open enrollment period is usually held once a year and usually lasts for 30 days.

You may enroll Your dependents outside of the group enrollment period only as follows:

- You may enroll a new Spouse within 31 days of marriage;
- You may enroll for dependent child coverage within 60 days of the birth or adoption of Your first eligible child.

Once You have dependent child coverage for Your Initial Dependent child(ren) any Newly Acquired Dependent children will be covered as of the date he or she is first eligible. Coverage for a newborn child shall be provided without notice or additional premium for 60 days after the date of birth. If payment of a specific premium or subscription fee is required to continue coverage beyond the 60 day period, You will receive notification of the required premium or fees within a period of not less than 60 days after the date of birth.

Exception: We will postpone the effective date of a dependent's, other than a newborn child's, coverage if, on that date, he or she is: (1) Confined to a Hospital or other health care facility or (2) home confined. In that case, We will postpone the effective date of his or her coverage until the day after the date: (a) of his or her discharge from such facility or (b) his or her home confinement ends. If a dependent was covered under a prior plan at transfer, this language will not apply to the amount of coverage that was in force with the prior plan.

When Dependent Coverage Ends

Dependent coverage ends for all of Your dependents when Your Employee coverage ends. Dependent coverage also ends for all of Your dependents when You stop being a member of a class of Employees eligible for such coverage. And, it ends when this Plan ends, or when dependent coverage is dropped from this Plan for all Employees or for Your class.

If You are required to pay all or part of the cost of dependent coverage, and You fail to do so, Your dependent coverage ends. It ends on the last day of the period for which You made the required payments, unless coverage ends earlier for other reasons.

Your dependent's coverage ends when he or she stops being an eligible dependent. This happens to a child at 12:01 A.M. on the date the child attains this Plan's age limit, or when a step-child is no longer dependent on You for support and maintenance or for Your handicapped child who has reached the age limit or is no longer dependent on You for support and maintenance. It happens to a Spouse when a marriage ends in legal divorce or annulment or a Domestic Partnership ends or no longer qualifies as a Domestic Partnership.

The following notice applies if your plan is governed by the Employee Retirement Income Security Act of 1974 and its amendments. This notice is not part of the Guardian plan of insurance or any employer funded benefits, not insured by Guardian.

STATEMENT OF ERISA RIGHTS

As a participant, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- (a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U. S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- (b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts, collective bargaining agreements and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- (c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

Prudent Actions By Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate the plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Statement of Erisa Rights (Cont.)

Enforcement Of Your Rights If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a state or Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110.00 a day until you receive the material, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds that your claim is frivolous.

Assistance with Questions If you have questions about the plan, you should contact the plan administrator. If you have questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor listed in your telephone directory or the Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

Group Health Benefits Claims Procedure

If you seek benefits under the plan you should complete, execute and submit a claim form. Claim forms and instructions for filing claims may be obtained from the Plan Administrator.

Guardian is the Claims Fiduciary with discretionary authority to determine eligibility for benefits and to construe the terms of the plan with respect to claims. Guardian has the right to secure independent professional healthcare advice and to require such other evidence as needed to decide your claim.

In addition to the basic claim procedure explained in your certificate, Guardian will also observe the procedures listed below. These procedures are the minimum requirements for benefit claims procedures of employee benefit plans covered by Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA").

Definitions "Adverse Benefit Determination" means any denial, reduction or termination of a benefit or failure to provide or make payment (in whole or in part) for a benefit.

"Group Health Benefits" means any accident, cancer, critical illness, specified disease or hospital indemnity coverages which are a part of this plan.

Timing For Initial Benefit Determination The benefit determination period begins when a claim is received. Guardian will make a benefit determination and notify a claimant within a reasonable period of time, but not later than the maximum time period shown below. A written or electronic notification of any adverse benefit determination must be provided.

Claims. Guardian will provide a benefit determination not later than 30 days after receipt of a claim. If a claimant fails to provide all information needed to make a benefit determination, Guardian will notify the claimant of the specific information that is needed as soon as possible but no later than 30 days after receipt of the claim.

The time period for completing a benefit determination may be extended by up to 15 days if Guardian determines that an extension is necessary due to matters beyond the control of the plan, and so notifies the claimant before the end of the initial 30-day period.

If Guardian extends the time period for making a benefit determination due to a claimant's failure to submit information necessary to decide the claim, the claimant will be given at least 45 days to provide the requested information. The extension period will begin on the date on which the claimant responds to the request for additional information.

Adverse Benefit Determination If a claim is denied, Guardian will provide a notice that will set forth:

- the specific reason(s) for the adverse determination;
- reference to the specific plan provision(s) on which the determination is based;

Group Health Benefits Claims Procedure (Cont.)

- a description of any additional material or information necessary to make the claim valid and an explanation of why such material or information is needed;
- a description of the plan's claim review procedures and the time limits applicable to such procedures, including a statement indicating that the claimant has the right to bring a civil action under ERISA Section 502(a) following an adverse benefit determination;
- identification and description of any specific internal rule, guideline or protocol that was relied upon in making an adverse benefit determination, or a statement that a copy of such information will be provided to the claimant free of charge upon request.

Appeal of Adverse Benefit Determinations

If a claim is wholly or partially denied, the claimant will have up to 180 days to make an appeal.

Guardian will conduct a full and fair review of an appeal which includes providing to claimants the following:

- the opportunity to submit written comments, documents, records and other information relating to the claim;
- the opportunity, upon request and free of charge, for reasonable access to, and copies of, all documents, records and other information relating to the claim; and
- a review that takes into account all comments, documents, records and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

In reviewing an appeal, Guardian will:

- provide for a review conducted by a named fiduciary who is neither the person who made the initial adverse determination nor that person's subordinate;
- in deciding an appeal based upon a medical judgment, consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;
- identify medical or vocational experts whose advice was obtained in connection with an adverse benefit determination; and
- ensure that a health care professional engaged for consultation regarding an appeal based upon a medical judgment shall be neither the person who was consulted in connection with the adverse benefit determination, nor that person's subordinate.

Guardian will notify the claimant of its decision regarding review of an appeal as follows:

Group Health Benefits Claims Procedure (Cont.)

Claims. Guardian will notify the claimant of its decision not later than 60 days after receipt of the request for review of the adverse benefit determination.

Alternative Dispute Options The claimant and the plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact the local U.S. Department of Labor Office and the State insurance regulatory agency.
