

Introducing Gravie Pay

If you have a medical expense, Gravie Pay allows you to split the bill into predictable monthly payments. **No interest, no fees, and no hassle.** Gravie Pay is powered by Paytient, a company that specializes in helping employees pay for care. Paytient is the lender behind Gravie Pay.

How does it work?

Gravie Pay is a virtual card. When paying a bill, either online or over the phone, simply provide your Gravie Pay card information the same way you would any debit or credit card. The provider or pharmacy is paid in full, and you set up repayment through easy payroll deductions or bank account withdrawals.

Gravie Pay can be used to cover any out-of-pocket medical expense for yourself or dependents enrolled in your Gravie health plan. Merchant codes are used to verify that expenses are healthcare related.

How do I sign up?

Once you're enrolled in a Gravie health plan, activate Gravie Pay by completing a short enrollment process at member.gravie.com. You'll get immediate access to your virtual card, and can start using it as soon as your coverage begins. Easily view transactions and manage your payments at any time from your Gravie account.

What financial considerations should I be aware of?

Your spending limit is equal to the individual out-of-pocket maximum (OOPM) of your Gravie health plan. There are no fees and no interest. Your credit is never checked, impacted, or reported. Your financial health is important to us. When enrolling in Gravie Pay, you may be subject to a couple questions that will assess your ability to repay.

What happens if I miss or can't make a payment?

If you need more time to pay, you can increase the repayment duration to up to 12 months. You can also change your payment method at any time. Gravie Pay is meant to provide you with flexibility.

When it comes to big purchases, today's consumers expect flexible payment options.

Why should healthcare expenses be any different?
