When Orthodontia coverage is for "Child(ren)" only, the orthodontic appliance must be placed prior to the age limit set by your plan; If full-time status is required by your plan in order to remain insured after a certain age; then orthodontic maintenance may continue as long as full-time student status is maintained. If Orthodontia coverage is for "Adults and Child(ren)" this limitation does not apply.

*General Anesthesia – restrictions apply.

‡For PPO and or Indemnity members, Fillings – restrictions may apply to composite fillings.

Help encourage good oral care

The connection between oral and overall wellness is clear. Visiting the dentist regularly can help prevent and detect early stages of many diseases and conditions. Help your clients promote good oral care with the Maximum Rollover Oral Health Rewards Program — a unique tool that encourages and rewards members who visit the dentist.

Helping employees maintain good health

- Members simply submit a claim without exceeding the paid claims threshold during the benefit year.
- Your plan will reward them by rolling over a portion of their unused annual dental maximum into their own personal Maximum Rollover Account (MRA) for future use.
- The reward can be used to supplement dental care costs in the future beyond the plan's normal annual maximum.
- Plus! If they use the services of in-network dentists exclusively during the benefit year, we'll increase the amount credited to the MRA!

How maximum rollover works

Your plan will roll over a portion of the unused annual dental maximum into a personal Maximum Rollover Account, which can be used in future years if the plan's annual maximum is reached. As an added advantage, more money is rolled over if in-network dentists are used exclusively during the benefit year.

How Maximum Rollover works

Depending on the plan's annual maximum, if claims dollars for the year don't exceed a certain threshold, the set Maximum Rollover Amount (pre-determined based on the annual maximum) can be rolled over.

Sample Plan: \$750 Annual Maximum

Year one: Jane starts with a \$750 Plan Annual Maximum. She submits \$150 in dental claims. Since she did not exceed the \$300 Threshold, she receives a \$150 rollover that will be applied to Year Two.

Year two: Jane now has an increased Plan Annual Maximum of \$900. This year, she submits \$250 in claims and receives an additional \$150 rollover added to her Plan Annual Maximum.

Year three: Jane now has an increased Plan Annual Maximum of \$1,050. This year, she submits \$850 in claims. All claims are paid due to the Maximum Rollover Amount accumulated.

Year four: Jane's Plan Annual Maximum is \$950 (\$750 Plan Annual Maximum + \$200 remaining Maximum Rollover Amount accumulated).

Plan Annual Maximum*	Threshold	Maximum Rollover Amount	In-Network Only Rollover Amount	Maximum Rollover Account Limit
\$750	\$300	\$150	\$200	\$500
Maximum Claims Reimbursement	Claims amount that determines rollover eligibility	Additional dollars added to Plan Annual Maximum for future years	Additional dollars added to Plan Annual Maximum for future years if only in-network providers were used during the benefit year	The Maximum Rollover Account cannot exceed \$500
